

LEARNING OUTCOMES

Certificate

Program: Early Childhood Care & Education Program

Upon completion of this program, students will be able to:

1. Explain how child development knowledge is used to create healthy, respectful, supportive and challenging learning environments for young children.
2. Summarize the importance of family and community relationships through the creation of respectful and reciprocal relationships that support families' involvement in their children's development and learning.
3. Summarize the goals and benefits of assessment to positively influence children's development and learning.
4. Describe the relationship between Developmentally Appropriate Practice and of learning outcomes for individual children.
5. Reflect upon their personal knowledge base and skill level.
